Follow-up to the Council Working Party
“Agricultural Questions (Pesticides)”
on 18 September 2020

Dear Colleagues,
with the informal video conference on September, the 18th we started with detailed discussions on the following first drafts of council conclusions,

- Draft Council conclusions (WK 8635/20) to the Report from the Commission to the European Parliament and the Council on the evaluation of Regulation (EC) No 1107/2009 and Regulation (EC) No 396/2005 on maximum residue levels of pesticides (REFIT-Report). The report has the number 8268/20 and has to be considered with the associated Staff working document with the number 8268/20 Add 1.

Many thanks for your constructive contributions during the meeting which will be reflected carefully. Due to technical problems unfortunately not all delegates were able to express their opinion in the video conference. They and all other delegations are invited to send written comments on both draft council conclusions (separately) until October the 9th 2020 to 713@bmel.bund.de, 313@bmel.bund.de, life.3@consilium.europa.eu
